Bring your science lessons to life with Scientifica. Providing just the right proportion of 'reading' versus 'doing', these engaging resources are differentiated to support and challenge pupils of varying abilities.

This series is focused on delivering custom materials which are designed and presented to meet the needs of enthusiastic and committed students. The resources are written at an average reading ability level, but with full and proper use of scientific terminology throughout. Ascent! has its own text-linked website:
www.nelsonthornes.com/ascent

Acces PDF 7b Reproduction End Of Unit Test Answers

This student book covers Levels 4-7 and is structured to match the sequence of the QCA Scheme of Work Units, and the National Framework for Science Guidelines. Each lesson can commence with a really quick starter activity. The teacher support materials, of course provide hundreds more! Scientifica aims to provide just the right proportion of 'reading' versus 'doing'. There is enough text on each page for students to develop their literacy skills, but each lesson spread also contains an optional activity or two to access the real experience of Science. Ideas and Evidence articles are presented in each text in a more magazine style. [Click here to go to the Scientifica](#)

Framework Science is a flexible and easy-to-use course designed to encourage students' engagement with science. Student Book Features:
Colourful, engaging text and illustrations
Key words highlighted in 'language bank' boxes
Clear diagrams
Help students understand concepts
Topical science is emphasised.

Provides a teaching resource, which is designed for KS3 students, whose literacy skills are considerably lower than their age. These books have an 'older format' to counteract this
