Advanced Accounting delivers an in-depth, comprehensive introduction to advanced accounting theory and application, using actual business examples and relevant news stories to demonstrate how core principles translate into real-world business scenarios. Clearly defined and logically organized Learning Objectives aid in student comprehension, while highlighted Related Concepts illustrate how individual concepts fit into the larger picture. Short answer questions throughout the chapter allow students to test their knowledge before reaching the more in-depth end-of-chapter questions, promoting a deeper understanding of both technical and conceptual aspects of the field. Written by active accounting researchers, this text brings clarity and flexibility to the central ideas underlying business combinations, consolidated financial statements, foreign currency transactions, partnerships, non-profit accounting and more. This new Seventh Edition has been updated to reflect the latest changes to FASB and GASB standards, allowing students to build a skill set based on up-to-date practices. With a student-oriented pedagogy designed to enhance comprehension, promote engagement, and build real-world understanding, this user-friendly book provides an essential foundation in current advanced accounting methods and standards.

An in-depth guide to accounting that reflects the most up-to-date business developments. This comprehensive textbook addresses practical financial reporting problems while reflecting recent business developments and changes in accounting standards. This edition has been rewritten to align with the Financial Accounting Standards Board Accounting Standards

Codification.

Violet finds a special way to cope with moving to a new home after Mama marries Vincent.

The approach used by Hoyle, Schaefer, and Douppnik in the new edition allows students to think critically about accounting, just as they will do while preparing for the CPA exam and in their future careers. With this text, students gain a well-balanced appreciation of the Accounting profession. As Hoyle 12e introduces them to the field's many aspects, it often focuses on past controversies and present resolutions. The text continues to show the development of financial reporting as a product of intense and considered debate that continues today and into the future. The writing style of the eleven previous editions has been highly praised. Students easily comprehend chapter concepts because of the conversational tone used throughout the book. The authors have made every effort to ensure that the writing style remains engaging, lively, and consistent which has made this text the market leading text in the Advanced Accounting market. The 12th edition includes an increased integration of IFRS as well as updated accounting standards.

Her Favorite Color Was Yellow is Edgar Holmes' debut collection of poetry. It is an ode to his muse, his all-consuming love, his everything- how it feels to find love, lose it, and get it back. Pour yourself some coffee and curl up with this book to let yourself feel something beautiful and true. - Edgar Holmes' second poetry book, For When She's Feeling Blue, is available now. - edgarholmesauthor@gmail.com

Intimidated by corporate finance? The numbers (and the jargon) can feel overwhelming—but you have to understand them to manage effectively. Finance Basics explains the fundamentals simply and quickly, introducing you to key terms and concepts such as:

- How to navigate financial statements
- How to weigh costs and benefits
- What 's involved in budgeting and forecasting
- How to gauge a company ' s financial health

About HBR's 20-Minute Manager Series: Don't have much time? Get up to speed fast on the most essential business skills with HBR's 20-Minute Manager series. Whether you need a crash course or a brief refresher, each book in the series is a concise, practical primer that will help you brush up on a key management topic. Advice you can quickly read and apply, for ambitious professionals and aspiring executives—from the most trusted source in business. Also available as an ebook.

The most practical, real-world presentation of cost accounting on the market, this book blends a traditional and proven method of teaching cost accounting with the integration of innovative topics. Cost topics are covered in the context of organizational strategy and operational tactics, as cost management decisions are sensitive to strategies driven by quality, cost, and innovation. Kinney, Prather-Kinsey, and Raiborn reinforce the material with real-world examples and visual illustrations that bring cost management techniques into the student ' s sphere of understanding. A flexible organization appropriate for either a one- or two- semester course--coupled with clear and abundant visual presentations--allows students to clearly understand difficult topics. The text ' s revised organizational structure streamlines chapter materials as well as reduces redundancy between cost accounting and other business courses.

"This text offers a current, condensed treatment of advanced accounting topics and a unique emphasis on accounting research. Taking a macro approach and then relating it back to an application, the text attempts to explain the "why" behind accounting, in addition to the procedural methods. The authors are active teachers and have been successfully using this material in the classroom for many years. Each copy of the textbook is accompanied by a current FARS (Financial Accounting Research System) CD – ROM."
