The New York Times bestseller: "You gotta read this. It is the most exciting book about Pluto you will ever read in your life." -Jon Stewart When the Rose Center for Earth and Space at the American Museum of Natural History reclassified Pluto as an icy comet, the New York Times proclaimed on page one, "Pluto Not a Planet? Only in New York." Immediately, the public, professionals, and press were choosing sides over Pluto's planethood. Pluto is entrenched in our cultural and emotional view of the cosmos, and Neil deGrasse Tyson, award-winning author and director of the Rose Center, is on a quest to discover why. He stood at the heart of the controversy over Pluto's demotion, and consequently Plutophiles have freely shared their opinions with him, including endless hate mail from third-graders. With his inimitable wit, Tyson delivers a minihistory of planets, describes the oversized characters of the people who study them, and recounts how America's favorite planet was ousted from the cosmic hub.

An African-American family is united in love and pride as they struggle to overcome poverty and harsh living conditions, in the award-winning 1959 play about an embattled Chicago family

Poetry. In Noel Sloboda's second book of poems, he delves beneath the surface of suburban life, weaving together ancient myths, childhood nightmares, and historical reveries. OUR RARER MONSTERS explores intersections between real and imagined geographies: a residential block where Grendel lives next door and Prospero is parked out in the street. These poems--and the accompanying linocuts by Marc Snyder--plumb the depths of memory to unearth roots that bind us to the literary, cultural, and mythological traditions of yesterday as we hurtle irresistibly through the twenty-first century. "Noel Sloboda's OUR RARER MONSTERS is an imaginative book full of wonder and charm."-Jeannine Hall Gailey "I kept coming back to Sloboda's poems and to Marc Snyder's exquisite linocuts included in this utterly winning book. Here is a poetry collection not to be missed for its audacity and verve."-Kristin Ong Muslim

Spring and All (1923) is a book of poems by William Carlos Williams. Predominately known as a poet, Williams frequently pushed the limits of prose style throughout his works, often comprised of a seamless blend of both forms of writing. In Spring and All, the closest thing to a manifesto he wrote, Williams addresses the nature of his modern poetics which not only pursues a particularly American idiom, but attempts to capture the relationship between language and the world it describes. Part essay, part poem, Spring and All is a landmark of American literature from a poet whose daring search for the outer limits of life both redefined and expanded the meaning of language itself. "There is a constant barrier between the reader and his consciousness of immediate contact with the world. If there is an ocean it is here." In Spring and All, Williams identifies the incomprehensible nature of consciousness as the single most important subject of poetry. Accused of being "heartless" and "cruel," of producing "positively repellant" works of art in order to "make fun of humanity," Williams doesn't so much defend himself as dig in his heels. His poetry is addressed "[t]o the imagination" itself; it seeks to break down the "the barrier between sense and the vaporous fringe which distracts the attention from its agonized approaches to the moment." When he states that "so much depends / upon // a red wheel / barrow," he refers to the need to understand the nature of language, which keeps us in touch with the world. With a beautifully designed cover and professionally typeset manuscript, this edition of William Carlos Williams' Spring and All is a classic of American literature reimagined for modern readers.

The child's diary that awakened the conscience of the world When Zlata's Diary was first published at the height of the Bosnian conflict, it became an international bestseller and was compared to The Diary of Anne Frank, both for the freshness of its voice and the grimness of the world it describes. It begins as the

day-to-day record of the life of a typical eleven-year-old girl, preoccupied by piano lessons and birthday parties. But as war engulfs Sarajevo, Zlata Filipovic becomes a witness to food shortages and the deaths of friends and learns to wait out bombardments in a neighbor's cellar. Yet throughout she remains courageous and observant. The result is a book that has the power to move and instruct readers a world away.

Life on the Mississippi (1883) is a memoir by Mark Twain of his days as a steamboat pilot on the Mississippi River before the American Civil War. It is also a travel book, recounting his trip along the Mississippi River from St. Louis to New Orleans many years after the war. The book begins with a brief history of the river as reported by Europeans and Americans, beginning with the Spanish explorer Hernando de Soto in 1542. It continues with anecdotes of Twain's training as a steamboat pilot, as the 'cub' (apprentice) of an experienced pilot, Horace E. Bixby. He describes, with great affection, the science of navigating the ever-changing Mississippi River in a section that was first published in 1876, entitled "Old Times on the Mississippi". Although Twain was actually 21 when he began his training, he uses artistic license to make himself seem somewhat younger, referring to himself as a "fledgling" and a "boy" who "ran away from home" to seek his fortune on the river, and playing up his own callowness and naïveté.

A study of what would happen to Earth if the human presence was removed examines our legacy for the planet, from the objects that would vanish without human intervention to those that would become long-lasting remnants of humankind.

John Steinbeck [RL 7 IL 7-12] A woman shares her prize flowers with a dishonest vagrant and the results are shattering. Themes: vulnerability; exploitation. 34 pages. Tale Blazers.
