toward disaster

Confidence Game is a real world "Emperor's New Clothes," a tale of widespread delusion, and one dissenting voice in the era leading up to the worst financial disaster since the Great Depression.

In 2002, Einhorn spoke publicly about

Online Library Confidence

Allied Capital--a leader in the private finance industry--presenting it as an excellent short opportunity. Einhorn describes the incredible events that followed his speech and how Allied and the investment community attacked him to protect the company--and its

Online Library Confidence

stock price.

Informative and intriguing, "Fooling Some of the People All of the Time" details how the current environment on Wall Street--and the world of hedge funds in particular--not only allows for such behavior, but how it protects the companies and

Online Library Confidence

attacks those who attempt to uncover them.--From publisher's description.

Called
Wall Streets
Bluff
A leading hedge-fund industry insider reveals the secrets and lessons of such top investors as John Paulson, David Tepper and Bill Ackman, sharing

Online Library Confidence

tangible, analytical insight into the psychology of trading while providing coverage of a range of strategy types, from Long/Short and Value to Distressed and Commodities.

'Confidence Games' argues that money and markets do not exist in a vacuum, but

Online Library Confidence

grow in a profoundly cultural medium, reflecting and in turn shaping their world. To understand the ongoing changes in the economy, one must consider the influence of art, philosophy and religion.

“ A riveting account that reaches beyond

Online Library Confidence

the market landscape
to say something
universal about risk
and triumph, about
hubris and
failure.” —The New
York Times NAMED
ONE OF THE BEST
BOOKS OF THE YEAR
BY BUSINESSWEEK In
this business
classic—now with a
new Afterword in
which the author

Online Library

Confidence

draws parallels to the recent financial crisis—Roger Lowenstein captures the gripping roller-coaster ride of Long-Term Capital Management.

Drawing on confidential internal memos and interviews with dozens of key players, Lowenstein

Online Library Confidence

explains not just how the fund made and lost its money but also how the personalities of Long-Term 's partners, the arrogance of their mathematical certainties, and the culture of Wall Street itself contributed to both their rise and their fall. When it was founded in 1993,

Online Library Confidence

Long-Term was hailed as the most impressive hedge fund manager in history. But after four years in which the firm dazzled Wall Street as a \$100 billion moneymaking juggernaut, it suddenly suffered catastrophic losses that jeopardized not only the biggest

Online Library Confidence

banks on Wall Street but the stability of the financial system itself. The dramatic story of Long-Term 's fall is now a chilling harbinger of the crisis that would strike all of Wall Street, from Lehman Brothers to AIG, a decade later. In his new Afterword, Lowenstein shows

Online Library Confidence

that LTCM's
implosion should be
seen not as a one-off
drama but as a
template for market
meltdowns in an age
of instability—and as
a wake-up call that
Wall Street and
government alike
tragically ignored.
Praise for When
Genius Failed

“ [Roger] Lowenstein
Page 45/68

Online Library Confidence

has written a squalid and fascinating tale of world-class greed and, above all, hubris.

” —BusinessWeek
“Compelling . . . The fund was long cloaked in secrecy, making the story of its rise . . . and its ultimate destruction that much more fascinating.” —The Washington Post

Online Library Confidence

“ Story-telling
journalism at its
best. ” —The
Economist

Confidence Game
(2016) lays bare the
psychology behind
pyramid schemes,
get-rich-quick scams,
and every other con
artist trick in the
book to help us
understand why we
so easily fall prey to
manipulators. If
you 've ever
wondered why we
fall for con artists or

Online Library Confidence

even why we can be easily manipulated by others in everyday life, The Confidence Game has the answers. Drawing on examples from psychology and history, Maria Konnikova explains why confidence can create a master manipulator or a victim, why we 're

Online Library Confidence

attracted to
successful people,
and what 's wrong
with our self-
perception.

Called
Wall Streets
Bluff
The dismal truth
about hedge funds
and how investors
can get a greater
share of the profits
Shocking but true: if
all the money that's
ever been invested in

Online Library

Confidence

hedge funds had been in treasury bills, the results would have been twice as good. Although hedge fund managers have earned some great fortunes, investors as a group have done quite poorly, particularly in recent years. Plagued by high fees, complex

Online Library Confidence

legal structures, poor disclosure, and return chasing, investors confront surprisingly meager results.

Drawing on an insider's view of industry growth during the 1990s, a time when hedge fund investors did well in part because there were relatively few of them, The

Online Library Confidence

Hedge Fund Mirage chronicles the early days of hedge fund investing before institutions got into the game and goes on to describe the seeding business, a specialized area in which investors provide venture capital-type funding to promising but undiscovered hedge

Online Library Confidence

funds. Today's investors need to do better, and this book highlights the many subtle and not-so-subtle ways that the returns and risks are biased in favor of the hedge fund manager, and how investors and allocators can redress the imbalance. The surprising frequency

Online Library Confidence

of fraud, highlighted with several examples that the author was able to avoid through solid due diligence, industry contacts, and some luck Why new and emerging hedge fund managers are where generally better returns are to be found, because most

Online Library Confidence

capital invested is steered towards apparently safer but less profitable large, established funds rather than smaller managers that evoke the more profitable 1990s Hedge fund investors have had it hard in recent years, but The Hedge Fund Mirage is here to change that, by

Online Library Confidence

turning the tables on
conventional wisdom
and putting the
hedge fund investor
back on top.

Called
Wall Streets
Bluff
The inside story of
the clash of two of
Wall Street's biggest,
richest, toughest,
most aggressive
players--Carl Icahn
and Bill Ackman--and
Herbalife, the

Online Library Confidence

Company caught in the middle With their billions of dollars and their business savvy, activist investors Carl Icahn and Bill Ackman have the ability to move markets with the flick of a wrist. But what happens when they run into the one thing in business they can't control:

Online Library Confidence

each other? This fast-paced book tells the story of the clash of these two titans over Herbalife, a nutritional supplement company whose business model Ackman questioned. Icahn decided to vouch for them, and the dispute became a years-long feud,

Online Library Confidence

Complete with secret backroom deals, public accusations, billions of dollars in stock trades, and one dramatic insult war on live television.

Wapner, who hosted that memorable TV show, has gained unprecedented access to all the players and unravels this remarkable war

Online Library Confidence

of egos, showing the extreme measures the participants were willing to take. When the Wolves Bite is both a rollicking, entertaining read--a great business story of money and power and pride.

The first book of its kind: a fascinating and entertaining

Online Library Confidence

examination of
hedge funds today
Shortlisted for the
