From master of subversive humor Christopher Moore comes a quirky, irreverent novel of love, myth, metaphysics, outlaw biking, angst, and outrageous redemption. As a boy, he was Samson Hunts Alone—until a deadly misunderstanding with the law forced him to flee the Crow reservation at age fifteen. Today he is Samuel Hunter, a successful Santa Barbara insurance salesman with a Mercedes, a condo, and a hollow, invented life. Then one day, destiny offers him the dangerous gift of love—in the exquisite form of Calliope Kincaid—and a curse in the unheralded appearance of an ancient god by the name of Coyote. Coyote, the trickster, has arrived to reawaken the mystical storyteller within Sam...and to seriously screw up his existence in the process.

Soon, an unstoppable chain of events is triggered, leading Crow down a path of discovery and danger. Vivid and heart-wrenching, Lauren Wolk's *Beyond the Bright Sea* is a gorgeously crafted and tensely paced tale that explores questions of identity, belonging, and the true meaning of family.

"Breathtaking . . . Perhaps the best work of fiction ever done about the civil rights movement" from the award-winning actress and activist (Newsday). When University of Michigan sophomore Celeste Tyree travels to Mississippi to volunteer her efforts in the Freedom Summer of 1964, she's assigned to help register voters in the small town of Pineyville, a place best known for a notorious lynching that occurred only a few years earlier. As the long, hot summer unfolds, Celeste

befriends several members of the community, but there are also those who are threatened by her and the change that her presence in the South represents. Finding inner strength as she helps lift the veil of oppression and learns valuable lessons about race, social change, and violence, Celeste prepares her adult students for their showdown with the county registrar. All the while, she struggles with loneliness, a worried father in Detroit, and her burgeoning feelings for Ed Jolivette, a young man also in Mississippi for the summer. By summer's end, Celeste learns there are no easy answers to the questions that preoccupy her—about violence and nonviolence, about race, identity, and color, and about the strength of love and family bonds. In *Freshwater Road*, Denise Nicholas has created an unforgettable story that—more than ten years after first appearing in print—continues to be one of the most cherished works of Civil Rights fiction. “A bold new novel that explores the fault lines of class and race in 1964 Mississippi.” —The Washington Post “Hypnotic . . . [Nicholas] conjures an insidious mood of fear and writes with lyrical prose.” —Entertainment Weekly

Now an HBO® Series from J.J. Abrams (Executive Producer of *Westworld*), Misha Green (Creator of *Underground*) and Jordan Peele (Director of *Get Out*) The critically acclaimed cult novelist makes visceral the terrors of life in Jim Crow America and its lingering effects in this brilliant and wondrous work of the imagination that melds historical fiction, pulp noir, and Lovecraftian horror and fantasy. Chicago, 1954. When his father Montrose goes missing, 22-year-old Army veteran Atticus Turner embarks on a road trip to New England to find him, accompanied by his Uncle George—publisher of *The Safe Negro Travel Guide*—and his childhood friend Letitia. On their journey to the manor of Mr. Braithwhite—heir to the estate that owned one of Atticus's ancestors—they encounter both mundane terrors of white America and malevolent spirits that seem straight out of the weird tales George devours. At the manor, Atticus discovers his father in chains, held prisoner by a secret cabal named the Order of the Ancient Dawn—led by Samuel Braithwhite and his son Caleb—which has gathered to orchestrate a ritual that shockingly centers on Atticus. And his one hope of salvation may be the seed of his—and the whole Turner clan's—destruction. A chimerical blend of magic, power, hope, and freedom that stretches across time, touching diverse members of two black families, *Lovecraft Country* is a devastating kaleidoscopic portrait of racism—the terrifying specter that continues to haunt us today.

Mary Lawson's debut novel is a shimmering tale of love, death and redemption set in a rural northern community where time has stood still. Tragic, funny and unforgettable, this deceptively simple masterpiece about the perils of hero worship leapt to the top of the bestseller lists only days after being released in Canada and earned glowing reviews in *The New York Times* and *The Globe and Mail*, to name a few. It will be published in more than a dozen countries worldwide, including the U.S., the U.K., Germany, Italy and Bulgaria. Luke, Matt, Kate and Bo Morrison are born in an Ontario farming community of only a few families, so isolated that “the road led only south.” There is little work, marriage choices are few, and the winter cold seeps into the bones of all who dare to live there. In the Morrison's' hard-working, Presbyterian house, the Eleventh Commandment is “Thou Shalt Not Emote.” But as descendants of a great-grandmother who “fixed a book rest to her spinning wheel so that she could read while she was spinning,” the Morrison children have some hope of getting off the land through the blessings of education.

Luke, the eldest, is accepted at teachers college – despite having struggle mightily through school – but before he can enroll, the Morrison parents are killed in a collision with a logging truck. He gives up his place to stay home and raise his younger sisters -- seven-year-old Kate, and Bo, still a baby. In this family bound together by loss, the closest relationship is that between Kate and her older brother Matt, who love to wander off to the ponds together and lie on the bank, noses to the water. Matt teaches his little sister to watch “damselflies performing their delicate iridescent dances,” to understand how water beetles “carry down an air bubble with them when they submerge.” The life in the pond is one that seems to go on forever, in contrast to the abbreviated lives of the Morrison parents. Matt becomes Kate’s hero and her guide, as his passionate interest in the natural world sparks an equal passion in Kate. Matt, a true scholar, is expected to fulfill the family dream by becoming the first Morrison to earn a university degree. But a dramatic event changes his course, and he ends up a farmer; so it is Kate who eventually earns the doctorate and university teaching position. She is never able to reconcile her success with what she considers the tragedy of Matt’s failure, and she feels a terrible guilt over the sacrifices made for her. Now a successful biologist in her twenties, she nervously returns home with her partner, a microbiologist from an academic family, to celebrate Matt’s son’s birthday. Amid the clash of cultures, Kate takes us in and out of her troubled childhood memories. Accustomed to dissecting organisms under a microscope, she must now analyze her own emotional life. She is still in turmoil over the events of one fateful year when the tragedy of another local family spilled over into her own. There are things she cannot understand or forgive. In this universal drama of family love and misunderstandings, Lawson ratchets up the tension, her narrative flowing with consummate control in ever-increasing circles, overturning one’s expectations to the end. Compared by Publishers Weekly to Richard Ford for her lyrical, evocative writing, Lawson combines deeply drawn characters, beautiful writing and a powerful description of the land.
