irregular" and "made a mockery of purported approved supply chain management" deviations that are allowed for government departments. This was revealed in a report drawn up by the SIU following an ...

Tobias is a skilled Dom, able to bring even the most hesitant submissive around. Noah is a man in need of just that. He wants to sub badly, but has yet to find someone he believes can take him where he needs to go. Through a series of encounters in the world of bondage and discipline, Noah reveals why he has trouble trusting, why he needs such a firm, steady hand. Tobias may allow himself to dominate, but he has trouble letting himself love. Still, Tobias can't resist Noah's charms, and the two of them set about making a scene for themselves, one that works for them and their unique set of problems. They learn to love, but can they stay together while they explore each others' secrets, in a world where all is laid bare and emotions run high? From authors Chris Owen, writer of the popular Bareback, and Jodi Payne, writer of String of Pearls comes a romance on the deviant side, where love is all tied up with the need to submit, the need to dominate, and the need to share a life of exploration and care. These two skilled authors create a world that's hard to resist, and a book that's even harder to put down.

In Safe Words, which picks up where the Deviations series left off, Tobias, Noah and Phan are all working on finding their place, both at Bradford's club and in their personal lives. They're all living together, and Tobias has taken on the roll of full-time Dom, which he loves, but finds incredibly challenging. While Noah finds comfort in the new state of things and is looking forward to deeper submission, but Phan is finding it harder to strike a balance. Too many changes happening too fast are making Phan act out, and neither Tobias nor Noah are sure how to deal with it. Life is not perfect for Bradford, either, as he discovers new feelings for his sub Nikki. Can Tobias help his friend, manage his job teaching the other Doms, and his relationships with Noah and Phan, or will the house that he's built for himself fall down around their ears? The Deviations series includes: Deviations Submission, Deviations Domination, Deviations Discipline and Deviations Bondage.

Special edition of the Federal Register, containing a codification of documents of general applicability and future effect ... with ancillaries.

Tobias and Noah explore their relationships more deeply than they ever have, not just with their own dominance and submission, but with their friends. As Noah helps Tobias through the loss of someone dear, he finds Tobias helping him, too, leading him through some intense sexual games, breaking down the last of Noah's fears, and helping him face his biggest one. The cage. Meanwhile, Tobias' ex-lover, Phantom, becomes close friends with Noah as they discover and try to resist the simmering sexual tension between them. Their teasing turns to real support when Phantom reaches the breaking point thanks to the lack of a master in his life, something he desperately needs. While Bradford works to become that master, Tobias and Noah go to Paris, where they see the sights, go to sex clubs, and re-negotiate their contract. Returning from Paris to their own lives brings then all sorts of new difficulties, from deciding whether they should love together to trying to figure out just where Phantom belongs in their ever-changing relationship. Deviations: Discipline is the third book in the popular Deviations series, which begins with Deviations: Submission, and Deviations: Dominance. Chris Owen and Jodi Payne have another winner on their hands, a gripping, emotional tale that you won't want to miss!
