As the title suggests, Mega Movie Mix takes songs from Disney's recent films, as performed by the entertainment giant's stable of teen pop performers and a few other kid-friendly artists. These songs have been repackaged before, although they probably haven't appeared in a collection quite like this. Most of the album -- which comes from the soundtracks to The Lizzie McGuire Movie, Lilo & Stitch, Holes, Confessions of a Teenage Drama Queen, Freaky Friday, The Princess Diaries, and The Lion ...

As life-affirming and unabashedly profound as it is cerebrally curious and gorgeously animated, Pete Docter ' s Soul is yet another Pixar masterwork. Easily the best output from the once-flawless studio since 2015 ' s Inside Out (also directed by Docter), Soul also ranks amongst Pixar ' s best work to date, putting it in league with Toy Story 3, Ratatouille, Up, and Wall-E.

Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

"Every Pixar movie is connected. I explain how and possibly why." These are the words that began the detailed essay now known as "The Pixar Theory," which came out way back in 2013. It collected over 10 million views on Jon's blog alone, and was syndicated on Buzzfeed, Mashable, Huffpost, Entertainment Weekly, and more - generating over 100 million impressions and now translated into a dozen languages. Now, these thoughts and ideas first written by Jon Negroni have been fully realized inside this book, aptly named The Pixar Theory. In this book, you'll find an analysis of every single Pixar movie to date and how it tells a hidden story lurking behind these classic movies. You'll learn about how the toys of Toy Story secretly owe their existence to the events of The Incredibles. You'll learn about what truly happened to the civilization of cars from Cars before the events of WALL-E. And of course, you'll find out the possible truth for why "Boo" of Monsters Inc. is the most important Pixar character yet. Welcome to the Pixar Theory. Don't forget to fasten your imagination.

Introduces the cars of Radiator Springs, including Lightning McQueen the race car, Sheriff the police car, and Mater the tow truck.

" The definitive history of the studio " created by the larger-than-life team of Spielberg, Geffen, and Katzenberg (Los Angeles Times). For sixty years, since the birth of United Artists, the studio landscape was unchanged. Then came Hollywood ' s Circus Maximus—created by director Steven Spielberg, billionaire David Geffen, and Jeffrey Katzenberg, who gave the world The Lion King—an entertainment empire called DreamWorks. Now Nicole LaPorte, who covered the company for Variety, goes behind the hype to reveal for the first time the delicious truth of what happened. Readers will feel they are part of the creative calamities of moviemaking as LaPorte ' s fly-on-the-wall detail shows us Hollywood ' s bizarre rules of business. We see the clashes between the often-otherworldly Spielberg ' s troops and Katzenberg ' s warriors, the debacles and disasters, but also the Oscar-winning triumphs, including Saving Private Ryan. We watch as the studio burns through billions of dollars, its rich owners get richer, and everybody else suffers. LaPorte displays Geffen, seducing investors like Microsoft ' s Paul Allen, showing his steel against CAA ' s Michael Ovitz, and staging fireworks during negotiations with Paramount and Disney. Here is a blockbuster behind-the-scenes Hollywood story—up close, glamorous, and gritty.

When you wish upon a star', 'Whistle While You Work', 'The Happiest Place on Earth' - these are lyrics indelibly linked to Disney, one of the most admired and best-known companies in the world. So when Roy Disney, chairman of Disney animation, abruptly resigned in November 2003 and declared war on chairman and chief executive Michael Eisner, he sent shock waves throughout the world. DISNEYWAR is the dramatic inside story of what drove this iconic entertainment company to civil war, told by one of America's most acclaimed journalists. Drawing on unprecedented access to both Eisner and Roy Disney, current and former Disney executives and board members, as well as hundreds of pages of never-before-seen letters and memos, James B. Stewart gets to the bottom of mysteries that have enveloped Disney for years. In riveting detail, Stewart also lays bare the creative process that lies at the heart of Disney. Even as the executive suite has been engulfed in turmoil, Disney has worked - and sometimes clashed - with a glittering array of Hollywood players, many of who tell their stories here for the first time.

Relive the adventure of Disney • Pixar Finding Dory with this storybook that includes a removable projector that doubles as a flashlight and five picture disks. Kids will love projecting movie images onto their wall as they read along. Finding Dory tells the story of the beloved friendly-but-forgetful blue tang fish and her search for her loved ones. Along the way everyone learns a few things about the true meaning of family. The storybook comes with a Dory-shaped movie projector and 5 disks with 20 images from the movie. Readers will love shining additional images from the movie on their wall for a theatrical storytime experience.

In the second edition of The Idea of Nature in Disney Animation, David Whitley updates his 2008 book to reflect recent developments in Disney and Disney-Pixar animation such as the apocalyptic tale of earth's failed ecosystem, WALL-E. As Whitley has shown, and Disney's newest films continue to demonstrate, the messages animated films convey about the natural world are of crucial importance to their child viewers. Beginning with Snow White, Whitley examines a wide range of Disney's feature animations, in which images of wild nature are central to the narrative. He challenges the notion that the sentimentality of the Disney aesthetic, an oft-criticized aspect of such films as Bambi, The Jungle Book, Pocahontas, Beauty and the Beast, and Finding Nemo, necessarily prevents audiences from developing a critical awareness of contested environmental issues. On the contrary, even as the films communicate the central ideologies of the times in which they were produced, they also express the ambiguities and tensions that underlie these dominant values. In distinguishing among the effects produced by each film and revealing the diverse ways in which images of nature are mediated, Whitley urges us towards a more complex interpretation of the classic Disney canon and makes an important contribution to our understanding of the role popular art plays in shaping the emotions and ideas that are central to contemporary experience.

Provides over 10,000 current prices for soundtrack and original cast recordings. This guide is very comprehensive for US issues, but also includes selected Canadian and overseas releases.
