An analysis of Gandhi's accomplishments as a politician and civil rights advocate reveals his conflicted ideologies and feelings about his place in history, offering insight into his philosophies, social campaigns, and private disappointments.

Opening in July 1914, as Mohandas Gandhi leaves South Africa to return to India, Gandhi: The Years That Changed the World, 1914-1918 traces the Mahatma's life over the three decades preceding his assassination. Drawing on new archival materials, acclaimed historian Ramachandra Guha follows Gandhi's struggle to deliver India from British rule, to forge harmonious relations between India's Hindus and Muslims, to end the pernicious practice of untouchability, and to nurture India's economic and moral self-reliance. He shows how in each of these campaigns, Gandhi adapted methods of nonviolence that successfully challenged British authority and would influence revolutionary movements throughout the world. A revelatory look at the complexity of Gandhi's thinking and motives, the book is a luminous portrait of not only the man himself, but also those closest to him—family, friends, and political and social leaders.

Ved Mehta's brilliant Mahatma Gandhi and his Apostles provides an unparalleled portrait of the man who lead India out of its colonial past and into its modern form. Travelling all over India and the rest of the world, Mehta gives a nuanced and complex, yet vividly alive, portrait of Gandhi and of those men and women who were inspired by his actions.

Presents the story of the great leader who succeeded in bringing about social and political change in India through nonviolent means.

From the critically acclaimed Little People, BIG DREAMS series, discover the life of Mohandas Gandhi, the father of India. As a young teenager in India, Gandhi led a rebellious life and went against his parents' values. But as a young man, he started to form beliefs of his own that harked back to the Hindu principles of his childhood. Gandhi began to dream of unity for all peoples and religions. Inspired by this idea, he led peaceful protests to free India from British rule and unite the country--ending violence and unfair treatment. His bravery and free-thinking made him one of the most iconic people of peace in the world, known as Mahatma, meaning "great soul." This moving book features stylish and quirky illustrations and extra facts at the back, including a biographical timeline with historical photos and a detailed profile of the activist's life. Little People, BIG DREAMS is a best-selling series of books and educational games that explore the lives of outstanding people, from designers and artists to scientists and activists. All of them achieved incredible things, yet each began life as a child with a dream. This empowering series offers inspiring messages to children of all ages, in a range of formats. The board books are told in simple sentences, perfect for reading aloud to babies and toddlers. The hardcover versions present expanded stories for beginning readers. Boxed gift sets allow you to collect a selection of the books by theme. Paper dolls, learning cards, matching games, and other fun learning tools provide even more ways to make the lives of these role models accessible to children. Inspire the next generation of outstanding people who will change the world with Little

People, BIG DREAMS!

Mohandas Karamchand Gandhi was born in 1869 in British-occupied India. Though he studied law in London and spent his early adulthood in South Africa, he remained devoted to his homeland and spent the later part of his life working to make India an independent nation. Calling for non-violent civil disobedience, Gandhi led India to independence and inspired movements for civil rights around the world. Gandhi is recognized internationally as a symbol of hope, peace, and freedom.

This is the extraordinary story of how one man's indomitable spirit inspired a nation to triumph over tyranny. This is the story of Mahatma Gandhi, a man who owned nothing-and gained everything.

Here is the first volume of a magisterial biography of Mohandas Gandhi that gives us the most illuminating portrait we have had of the life, the work and the historical context of one of the most abidingly influential—and controversial—men in modern history. Ramachandra Guha—hailed by Time as “Indian democracy’s preeminent chronicler”—takes us from Gandhi’s birth in 1869 through his upbringing in Gujarat, his two years as a student in London and his two decades as a lawyer and community organizer in South Africa. Guha has uncovered myriad previously untapped documents, including private papers of Gandhi’s contemporaries and co-workers; contemporary newspapers and court documents; the writings of Gandhi’s children; and secret files kept by British Empire functionaries. Using this wealth of material in an exuberant, brilliantly nuanced and detailed narrative, Guha describes the social, political and personal worlds inside of which Gandhi began the journey that would earn him the honorific Mahatma: “Great Soul.” And, more clearly than ever before, he elucidates how Gandhi’s work in South Africa—far from being a mere prelude to his accomplishments in India—was profoundly influential in his evolution as a family man, political thinker, social reformer and, ultimately, beloved leader. In 1893, when Gandhi set sail for South Africa, he was a twenty-three-year-old lawyer who had failed to establish himself in India. In this remarkable biography, the author makes clear the fundamental ways in which Gandhi’s ideas were shaped before his return to India in 1915. It was during his years in England and South Africa, Guha shows us, that Gandhi came to understand the nature of imperialism and racism; and in South Africa that he forged the philosophy and techniques that would undermine and eventually overthrow the British Raj. *Gandhi Before India* gives us equally vivid portraits of the man and the world he lived in: a world of sharp contrasts among the coastal culture of his birthplace, High Victorian London, and colonial South Africa. It explores in abundant detail Gandhi’s experiments with dissident cults such as the Tolstoyans; his friendships with radical Jews, heterodox Christians and devout Muslims; his enmities and rivalries; and his often overlooked failures as a husband and father. It tells the dramatic, profoundly moving story of how Gandhi inspired the devotion of thousands of followers in South Africa as he mobilized a cross-class and inter-religious coalition, pledged to non-violence in their battle against a brutally racist regime. Researched with unequaled depth and breadth, and written with extraordinary grace and clarity, *Gandhi Before India* is, on every level, fully commensurate with its subject. It will radically alter our understanding and appreciation of twentieth-century India’s greatest man.
