Never make a deal with a fae, they say. But sometimes there's no choice, consequences be damned. As daughters of the Amadis royal family, my twin Brielle and I should have been helping our people rebuild civilization after the War of Armageddon. Instead, our mother does the unthinkable, possibly sparking a new war, and we're whisked away to another realm to hide us from our enemies. When we return home, we discover our parents are missing, our people have scattered, and every faction hunts the Knight twins. Some are obsessed with claiming our formidable power for themselves. Others simply want us dead. Still, I can't believe we're home for less than a day when I end up as Winter Court's prisoner in Faery. And it only gets worse from there. To protect my sister, I've made a deal with a fae that shatters any hopes for my own future. A dark prince ignites something in me that feels all wrong and oh, so right. And then there's the enchanting princess I ache for . . . yet can never have. Foes become allies, friends become traitors, and one truth emerges with clarity: war is imminent. My only hope to protect everyone I love is to harness the dark power within me—a force that can save worlds or annihilate us all. If I fail to control it, someone else will. But to master it, I must face my most daunting opponent yet—myself. Knights of Souls and Shadows is the spinoff series of the internationally best-selling, award-winning Soul Savers series with over one million books read. You don't need to read Soul Savers first. This new adventure is a series all on its own, featuring the next generation in their own pursuit to save the worlds-or at least try not to destroy them all.

All I've ever wanted was a normal life, but two days before I'm supposed to leave for college, Mom wakes me up at the butt-crack of dawn so we can hit the road early. She acts like we can't escape this city fast enough, but won't explain. I know we have family secrets. She's been guarding them from me all my life, supposedly with good reason. But after a bizarre attack by creatures that can't possibly be real, I think it's time for me to know the truth, with or without her help.I've barely started my covert investigation, though, when I meet Tristan Knight. He's gorgeous, smart, and talented, and he seems to enjoy hanging out with me. I suddenly forget all about our enigmatic family and retreat behind my façade of normalcy. At least, until one fateful night when I discover he's not normal either. The secrets begin to unravel. Supposedly, we're fated mates, and our union brings hope to my family's secret society, a/k/a the Angels' army on earth. Our love could save the world. Or end it. Because the Angels aren't the only ones who want us on their side. The Demons will stop at nothing to claim the ultimate power couple. After all, we're a match made in Heaven-and in Hell.

Violet McKenna's life started falling apart when a premonition of her father's murder came true, but at a new school, Winterhaven, she finds friends with psychic gifts and an alluring boy whose destiny is entwined with hers in a critical--and deadly--way.

Jenna and Ryder are far from friends--until a storm stirs up their passion in this contemporary southern romance from New York Times bestselling author Kristi Cook. In Magnolia Branch, Mississippi, The Cafferty and Marsden families are practically royalty. Neighbors since the Civil War, the families have shared vacations, holidays, backyard barbecues, and the overwhelming desire to unite their two clans by marriage. So when the families finally have a baby boy and girl at the same time, the perfect opportunity seems to have arrived. Except Jemma Cafferty and Ryder Marsden have no intention of giving in to their parents' wishes. They're only seventeen--oh, and also? They hate each other. Jemma can't stand Ryder's nauseating golden-boy persona, and Ryder would prefer it if stubborn-headed Jemma didn't exist. And their communication is not exactly effective: even a casual hello turns into a yelling match. But when a violent Mississippi storm ravages through Magnolia Branch, it unearths feelings Jemma and Ryder didn't know they had. And the line between love and hate just might be thin enough to cross...

Danger looms large in the sequel to Haven, which Booklist called "a blend of the Gemma Doyle trilogy, the Twilight saga, and Lois Duncan's thrillers." Violet McKenna is back for her senior year at Winterhaven and thrilled to be with Aidan after a long summer apart. But while their love for each other is as strong as ever, their troubles are far from over. News of a rogue vampire on a killing spree sets everyone on edge. While Aidan is determined to stop the killer, Violet is chilled by a horrifying vision she simply must prevent...for if she can't, two people she loves will meet a violent end. In the midst of Violet's fear, a mysterious newcomer enters her life--and he has some vital information not just about her past, but about her future as well. Now everything Violet held as truth is upended, and she is left not knowing whom to trust, if she is in danger, and--worst of all--whether she and Aidan are really meant to be together.

When Alexis Ames is attacked by creatures that can't be real, she decides it's time she learns who she really is, with or without the help of her mother, who guards their family's secrets closely. After meeting the inhumanly attractive, multi-talented Tristan Knight, however, Alexis retreats behind her facade of normalcy .. until she discovers he's not exactly normal either. Then their secrets begin to unravel. Their union brings hope and promise to her family's secret society, the Angels' army, and to the future of mankind. But it also incites a dangerous pursuit by the enemy - Satan's minions and Tristan's creators. After all, Alexis and Tristan are a match made in Heaven and in Hell.

Two years ago, Kaela Peters nearly killed her fiancé by ripping his throat out. Once she gained control over her vampire urges, she hoped to rekindle their love, only to find him on one knee again--now with her best friend. She can't blame them for their betrayal, though. They've been compelled to forget that she even existed. But she can't forget them, so when she receives an unexpected job offer far away in the Colorado mountains, she seizes the opportunity to escape her past and the painful memories. If only she'd known she was running right into her true past and memories that cut even deeper. Her real name isn't Kaela Peters, Havenwood Falls and her new job are not what they seem on the surface, and the love of her life isn't the ex in Atlanta. As she starts piecing together the fragmented memories of her past and her moroi heritage, the passion of old love reignites. Until she discovers that the triggering of her vampire gene may have been foul play with dire consequences--and Xandru Roca, the epic love she'd left behind, has something to do with it all.
