The Nerf Blaster Modification Guide has all you need to know to create a cooler-looking Nerf Blaster with increased range, projectile speed, and firing capacity. Luke Goodman—better known on YouTube as “ Out of Darts ” —guides readers through the basics of Nerf's two main propulsion systems and provides simple mods that kids and their parents can make to their foam blasters. Nerf Blasters, first introduced in the 1980s, are experiencing a Renaissance! Nerf Blasters are back to being one of the hottest toys on the market and have spawned a YouTube phenomenon of DIYers showing off the modifications and tweaks they've made to their blasters. With the modifications detailed in

this guide, your Nerf Blaster will not only perform better, but look cooler, too. The guide includes sci-fi, history-, and steampunk-inspired paint jobs. Every project comes with easy-to-follow instructions, which are completely illustrated with step-by-step studio photography; so you'll never get confused. So what are you waiting for? Transform your off-the-rack Nerf Blaster into something awesome!

Covering New York, American & regional stock exchanges & international companies.

When an exquisitely crafted, authentic imperial Faberge egg mysteriously shows up at Laurel Swann's home studio, she knows it can only be from one person—her father, who has drifted in and out of her life for as long as she can remember. But this time Jamie Swann leaves her something too many people will kill for. Out of her league and desperate, Laurel is forced to accept help from the very man who is trying to ensnare her father in his own web of double crosses. Cruz Rowan can help her stay alive, but will he do the same for her father? Elizabeth Lowell, writing as Ann Maxwell, deftly combines the nonstop action of a spy thriller with the heart-pounding excitement of true love and adventure.
