Introduction to Managerial Accounting, 4/e by Brewer/Garrison/Noreen is based on the market-leading text, Managerial Accounting, by Garrison, Noreen and Brewer. However, this is not simply a briefer book with chapters removed; B/G/N has been rethought and retooled to meet the needs of the market. B/G/N 4/e is a more accessible, yet thoroughly student-friendly text that satisfies the basic needs of the managerial accounting student without unnecessary depth on advanced topics associated with the follow-up course: cost accounting/cost management. Faculty and students alike will find this new edition has retained the hallmark features of the Garrison brand: author-written supplements, excellent readability, terrific examples, and balanced end-of-chapter material.

A less-expensive grayscale paperback version is available. Search for ISBN 9781680922936. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

This combination title is the ideal learning solutions for accounting courses covering both financial and managerial accounting. The fourth edition of Financial Accounting: The Impact on Decision Makers holds true to the original vision of teaching accounting from both the preparer and user perspective, but with an expanded focus on showing students a Roadmap to Success. To lead students to a full understanding of the impact of financial statements on business decision-making, the authors use the financial statements from Winnebago Industries throughout. Relying on the text's trademark innovative pedagogy, instructors can prepare business majors and accounting majors alike for future business success. Managerial Accounting, 2e features a four-step decision-making model throughout, this text is unique in its first-person exploratory approach. It conveys a true management perspective-offering coverage of contemporary topics such as ABM, the value chain, and balanced scorecard evaluation techniques. Jackson is also the first managerial text to incorporate coverage of knowledge management (Chapter 13)--highlighting the latest developments for improved managerial decision making.
