Very little has been written on industrialization and deindustrialization in Asia and Africa. This reference work sheds illuminating light upon the industrial development in Asia and Africa. It also provides an in-depth look into China's engagement and migrant labour in Africa. The book also addresses the roles of public-private partnership (PPP) and international development cooperation and how they are fundamental to industrialization in Asia and Africa. Designing Integrated Industrial Policies will be a very useful reference particularly as a how-to guide on industrial promotion and designing integrated industrial policies not only for economic growth and job creation but also for "inclusive" development. It comes with country cases and illustrates useful tools for industrial policy simulation and for evidence-based policy making through these concrete examples.

English spy Andrew Truesdale has been sent to Florence on a mission--to befriend widowed contessa Olivia di Montebaldi and discover if she's plotting a nationalist revolution in the aftermath of Napoleon's defeat. Andrew expects the assignment to be easy. After all, his job with the British Diplomatic Corps required him to perfect the art of flirtation and become a consummate seducer of women. Everything changes, however, when he arrives at Olivia's villa. Instead of the middle-aged woman he expects, Andrew finds a vivacious young beauty who piques his interest...and his lust. But while Andrew may be taken aback by the contessa, Olivia knows exactly who Andrew is...and that he is dangerous. She may let him claim her body, but can she trust him with her secrets?
