"Rahul Pandita was fourteen years old when he was forced to leave his home in Srinagar along with his family, who were Kashmiri Pandits: the Hindu minority within a Muslim-majority Kashmir that was by 1990 becoming increasingly agitated with the cries of 'Azaadi' [freedom] from India. The heartbreaking story of Kashmir has so far been told mainly through the prism of the brutality of the Indian security forces, the pro-independence demands of Muslim separatists or India and Pakistan's rivalry. But there is another part of the story that has remained unrecorded and buried. Our Moon Has Blood Clots is the untold chapter in the story of Kashmir, in which hundreds of thousands of Kashmiri Pandits were tortured, killed and forced to leave their homes by Islamist militants, and to spend the rest of their lives in exile in their own country. Basharat Peer was a teenager when the separatist movement exploded in Kashmir in 1989. Over the following years countless young men, seduced by the romance of the militant, fuelled by feelings of injustice, crossed over the Line of Control to train in Pakistani army camps. Peer was sent off to boarding school in Aligarh to keep out of trouble. He finished college and became a journalist in Delhi.

But Kashmir—angrier, more violent, more hopeless—was never far away. In 2003, the young journalist left his job and returned to his homeland to search out the stories and the people which had haunted him. In *Curfewed Night* he draws a harrowing portrait of Kashmir and its people. Here are stories of a young man's initiation into a Pakistani training camp; a mother who watches her son forced to hold an exploding bomb; a poet who finds religion when his entire family is killed. Of politicians living in refurbished torture chambers and former militants dreaming of discotheques; of idyllic villages rigged with landmines, temples which have become army bunkers, and ancient sufi shrines decapitated in bomb blasts. And here is finally the old story of the return home—and the discovery that there may not be any redemption in it. Lyrical, spare, gutwrenching and intimate, *Curfewed Night* is a stunning book and an unforgettable portrait of Kashmir in war.

This book *The Odyssey of Kashmiri Pandits* presents the pathetic life of Kashmiri Pandits in exile. The Mass Exodus from their homes in the year 1990, have left them as refugees in their own country. The original inhabitants of Kashmir, scattered all over the world, are now haunted by nostalgia of Paradise on Earth. They were hounded out, after inflicting taunts, physical abuse, miseries, loot, and selective killing. The exiled community hopes to go back to their home land some day. What could have been the reasons for all these miseries? Were the killers caught?

and Nagaland ? today, a quarter of India is being held hostage by violence and anarchy. What has pushed the country, which has otherwise held together through seemingly insurmountable odds in the past, to the edge? Who and what is responsible for the state of affairs as it stands today? In a series of dispatches from the epicentres of what they call the country's `battle zones?', Neelesh Misra and Rahul Pandita unveil the tensions, frustrations and heartbreaks, and the challenges and justifications, that are everyday realities in these troubled regions. Civil administrators talk about the widespread misappropriation of development funds in tribal and remote areas; security and police personnel describe extreme confrontations in the face of inadequate training and equipment; rebel ranks and former insurgents reveal how unemployment, lack of education and rampant exploitation have fuelled their defiance against the establishment and encouraged secessionist activities; self-styled vigilantes assert their need to provide what they consider `security' and `justice' in areas that have seen little of either. And, at the heart of the on-going turmoil, ordinary people mourn the loss of their loved ones ? to starvation, lack of healthcare facilities and militancy ? even as they voice their demand to be heard. The stories are many; the cast varied. Yet, collectively, they present an alarming picture of systemic failure on the part of the Indian state. A potent reminder of the mistakes that the government of India cannot afford to repeat, *The Absent State* is a work of great significance ? an essential read for anyone who wants to make sense of the tumult of our times.

Twenty-five years ago, in the winter of 1990, about four hundred thousand Pandits of Kashmir were forced to leave Kashmir, their homeland, to save their lives when militancy erupted there. Even today, they continue to live as 'internally displaced migrants' in their own country. While most Kashmiri Pandits have now carved a niche for themselves in different parts of India, several thousands are still

languishing in migrant camps in and around Jammu. The stories of their struggles and plight have remained untold for years. The authors of the memoirs in this anthology belong to four generations. Those who were born and brought up in Kashmir, and fled while they were in their forties and fifties; those who lingered on in their homes in Kashmir despite the threat to their lives; those who got displaced in their teens; and those who were born in migrant camps in exile. These narratives explore several aspects of the history, cultural identity and existence of the Kashmiri Pandits. These are untold narratives about the persecution of Pandits in Kashmir during the advent of militancy in 1989, the killings and kidnappings, loss of homeland, uprootedness, camp-life, struggle, survival, alienation and an ardent yearning to return to their land. These are stories about the re-discovery of their past, their ancestry, culture, and roots and moorings.

Srinagar in the winter of 1989 was an eerie ghost town witnessing the beginnings of a war dance. The dam burst the night boys from the separatist JKLF group were freed in exchange for the release of Rubaiya Sayeed, the Union home minister's daughter. As Farooq Abdullah had predicted, the government's caving in emboldened many Kashmiris into thinking that azaadi was possible. It was a long, slow haul to regaining control. From then to now, A.S. Dulat has had a continuous engagement with Kashmir in various capacities. The initiatives launched by the Vajpayee government, in power from 1998 to 2004, were the high point of this constant effort to keep balance in a delicate state. In this extraordinary memoir, Dulat gives a sweeping account of the difficulties, successes and near triumphs in the effort to bring back Kashmir from the brink. He shows the players, the politics, the strategies and the true intent and sheer ruthlessness of the meddlers from across the border. Kashmir: The Vajpayee Years paints an unforgettable portrait of politics in India's most beautiful but troubled state.

When Kashmiri Pandits congregate, the conversation invariably veers towards food where recipes are discussed but some secrets also withheld. A favourite dish is invariably best cooked by someone in each family. Some families moved out of Kashmir over two hundred years back and settled in Lahore, Delhi, UP, etc. Their cuisine incorporated aspects of Awadhi cooking and differed from similar recipes of the valley. This book highlights this particular cuisine and includes many traditional dishes and also some that would surprise everyone. Keeme ki Barfi and Zaminkand ke Shahi Tukre will just add the extra sparkle to any chefs repertoire while the traditional Shufta and Kabargah will instantly make any Kashmiri Pandits mouth water. The collection of recipes is a treasure trove from Annapurnas own experience and from knowledge handed down from generations in the family. Each recipe has her special flavour and tried and tested over the years. The reader gets a window into the Kashmiri Pandit cuisine with the added benefit of being able to try them out with simple instructions and useful tips. The book, amongst other recipes, includes both vegetarian and nonvegetarian dishes, some special rice recipes, a low-calorie section, and something for those with a sweet tooth.

Exodus of Kashmiri Pandits from Kashmir in 1989 was their seventh such exodus since the arrival of Islam in Kashmir in the fourteenth century. This was precipitated by the outbreak of Pakistan-sponsored insurgency across Kashmir Valley in 1989. The radical Islamists targeted Pandits - a minuscule community in Muslim dominated society creating enormous fear, panic and grave sense of insecurity. In the face of ruthless atrocities inflicted on them, the Pandits' sole concern was ensuring their own physical safety and their resolve not to convert to Islam. Over 350,000 Kashmiri Pandits were forced to flee en masse leaving their home and hearth. This was the single largest forced displacement of people

of a particular ethnicity after partition of India. Pandits' travails did not end with the exodus. The obstructive and intimidating attitude of the State administration towards the Pandit refugees made their post-exodus existence even more miserable. The Government at the Centre too remained indifferent to their plight. This book traces the Pandits' economic and political marginalization in the State over the past six decades and covers in detail the events that led to their eventual exodus. In the light of ethnic cleansing of Pandits from the Valley, the book also examines some critical issues so crucial to India's survival as a multi-cultural, liberal and secular democracy.
