A history of the Korean War with soldier's-eye views from both sides, by the Pulitzer Prize-winning author of *The Rising Sun and Infamy*. Pulitzer Prize-winning author John Toland reports on the Korean War in a revolutionary way in this thoroughly researched and riveting book. Toland pored over military archives and was the first person to gain access to previously undisclosed Chinese records, which allowed him to investigate Chairman Mao's direct involvement in the conflict. Toland supplements his captivating history with in-depth interviews with more than two hundred American soldiers, as well as North Korean, South Korean, and Chinese combatants, plus dozens of poignant photographs, bringing those who fought to vivid life and honoring the memory of those lost. *Mortal Combat* is comprehensive in its discussion of events deemed controversial, such as American brutality against Korean civilians and allegations of American use of biological warfare. Toland tells the dramatic account of the Korean War from start to finish, from the appalling experience of its POWs to Mao's prediction of MacArthur's Inchon invasion. Toland's account of the "forgotten war" is a must-read for any history aficionado.

"In the post-9/11 struggle for a sane global vision, this antihate manifesto could not be more timely."--O: The Oprah Magazine In this acclaimed volume, Pulitzer-Prize nominated science writer Rush W. Dozier Jr. demystifies our deadliest emotion--hate. Based on the most recent scientific research in a range of fields, from anthropology to zoology, *Why We Hate* explains the origins and manifestations of this toxic emotion and offers realistic but hopeful suggestions for defusing it. The strategies offered here can be used in both everyday life to improve relationships with family and friends as well as globally in our efforts to heal the hatreds that fester within and among nations of the world.

The Handmade Silver Gelatin Emulsion Print is a cookbook of simple, basic recipes for making black and white printing paper and paper negatives, along with creative options for printing, toning, and coloring. Author Denise Ross draws from photographic literature from the last 135 years, adapting old recipes to fit modern tools, materials, and work spaces and modern twists have been applied to traditional techniques. The book is divided into three sections: Section One lays the groundwork for this unique alternative process; Section Two provides the recipes; Section Three highlights contemporary silver gelatin artists. Key topics the book covers are: Vocabulary: a list of terms used by traditional photographers and emulsion makers Creating work spaces with the right tools and materials Basic emulsion chemistry and paper coating techniques Working with various negative options, analog and digital Gaslight chloride contact printing paper Kodabromide-type chlorobromide all-purpose paper Bromide enlarging paper Warm tone paper and developers Making and toning your own printing-out paper (POP) Matte surface and baryta coating surface paper Paper negatives and making hand-drawn and digital masks Toning handmade paper Gum printing over handmade paper Troubleshooting handmade paper Artists working with handmade paper The Handmade Silver Gelatin Emulsion Print is for photographers who love the look and creative potential of black and white traditional photography but who want more control over the process and the end product. It is written for the beginner to experienced photographer, with processes initially explained in such a way that anyone will feel comfortable getting started, as well as information in increasing levels of complexity so that experienced photographers who enjoy a challenge will also find one.

Celebrate the 20th anniversary of PAUL POPE's (*Battling Boy*, *Batman: Year 100*) Eisner-nominated sci-fi/cyberpunk classic with this new edition. *Time Magazine* listed *HEAVY LIQUID* among the 100 most important science fiction graphic novels of the decade when it originally debuted in the 2000s, and its relevance and influence has only increased since it was first published. In a future where New York has evolved into a sci-fi metropolis, a man named S becomes entwined in a mystery that's littered with love and drugs and in particular, an addictive substance called heavy liquid that's both a drug and an art form. In his search for the one artist skilled enough to render heavy liquid into a perfect sculpture, S finds himself battling deadly psychopathic foes as well as the inner demons of addiction. If he can survive these physical and mental trials, S just might discover the shocking secret behind heavy liquid, and a love he thought lost forever. Collects *HEAVY LIQUID* #1-5

- The Eisner-nominated *Liquid City* anthology returns with another collection of heady visions and intoxicating stories by some of Southeast Asia's most promising comics creators, as they reveal their utmost hopes, fears, dreams, and desires at world's end.

For undergraduate and graduate courses in derivatives, options and futures, financial engineering, financial mathematics, and risk management. Designed to bridge the gap between theory and practice, this highly successful book is the top seller among both the academic audience and derivative practitioners around the world.

It's just another job to police detective Karen Seagate and her partner Ryan Miner. Because Karen is the chief's least favorite cop, she gets lots of lousy assignments and providing security to a couple of guys debating stem cell research is one of those. Listening to the two debaters

go on about football for hours afterwards while she's stuck drinking club sodas (and dying for a real drink) is the icing on the cake. But when one of the debaters, Arlen Hagerty is murdered that night, what had been a boring job becomes a high-profile case. Working with her young partner, Seagate has to confront a host of her own issues, starting with a broken-down family and her own drinking. With the chief breathing down her neck, trying to push her in directions that bring him favorable publicity rather than moving the case forward only makes things worse. As Seagate moves forward with the case, her own life goes more deeply into crisis mode.

Only Aaron and his fellow Nephilim can protect the world from Satan's wrath in this riveting finale to the New York Times bestselling The Fallen series. Satan is determined to create his own Hell on Earth and has unleashed unfathomable chaos into the world. Cut off from Heaven, humanity's only hope for salvation rests with eighteen-year-old Aaron and the other Nephilim who fight by his side. These angelic warriors will protect civilization and restore God's favor no matter the cost. But there can be only one champion—and defeat is eternal. The battle lines have been drawn. Armageddon is here.
