The complete Twisted Souls series is available in this box set collection: The Soul Ripper (Twisted Souls #1) In a post-apocalyptic world known as the Territory of Malm, infants are born soulless. With a hideous appearance and unquenchable hunger, they are kept out of sight until they are Chosen. Long ago, the residents of Malm placed their faith in the Office of Souls to lead them and keep them safe after the human race was almost destroyed in the time known only as "Before". But someone long forgotten has other plans, and that means unleashing unspeakable evil into their world. Soul Implantation Day 3675 starts out like any other, and follows the paths of six people who are destined to meet in the courtyard of the Fountain of Souls. They bear witness to a soul implantation ceremony gone terribly awry. Not all of them will survive, and some will suffer a fate far worse than death. "This novella was previously released under the title "The Soul Garden"." Twisted Souls (Twisted Souls #2) The epic collision of good and evil that began in The Soul Ripper (Twisted Souls #1) continues in Twisted Souls (Twisted Souls #2), the second installment of Cege Smith's Twisted Soul series... The survivors of Soul Implantation Day 3675 went into hiding as the rest of the Territory of Malm was ravaged by an old foe hell-bent on total domination of their world. As the focus settles on the last untouched outpost of humanity, Samuel, the new Head Master of the nearly annihilated Office of Souls, knows that something must be done in order to bring the human race back from the brink of total extinction. Samuel's secret weapon is Cameron, the last recipient of a soul from the Fountain of Souls. Cameron's destiny has set her on a path to face down the ultimate evil and hopefully save mankind. Time is against them as the survivors discover that nowhere is safe from their enemy's reach, and they must rejoin the outside world and fight before it is too late. Soul Cycle (Twisted Souls #3) The line between good and evil blurs even further in Soul Cycle (Twisted Souls #3), the third installment of the Twisted Souls saga... Cameron, Samuel, and Malcolm survived the trap in the Office of Souls compound. Their goal is to reach Outpost Alanstown where they know they will have to confront their enemy. But as their journey begins, an encounter with a group of bloodthirsty Soulless Ones separates the group on the outskirts of West End, the capital city of the Territory of Malm. In the meantime, in Outpost Alanstown, Chim retrieves Marius from the edges of madness. Marius finds himself in the difficult position of helping Chim in order to help himself. What no one knows is that someone has been behind the scenes pulling the strings like a skilled puppet master, and that person is someone they never expected. Answers from the past must be found before Cameron and Samuel's true destinies can be revealed. The journey to the final battle is coming, but who will be there still remains a mystery. A Soul to Settle (Twisted Souls #4) A new evil rises as Samuel and Cameron race toward to Outpost Alanstown in the thrilling conclusion of the Twisted Souls series... Facing a moral dilemma, Samuel realizes that everything he believed was right is wrong. He is confronted with the devastating truth that to save the Territory of Malm, he must first remove the stain of the treacherous legacy of the one who ruled before him. Cameron teeters on the cusp of discovering her purpose. She's been a pawn in a game of control that spans since the time of Before. How that impacts her role in the upcoming battle between good and evil remains shrouded in mystery. In Outpost Alanstown, Marius has embraced the darker side of his nature. Conscience be damned, he finds a reason to stand against Cameron and Samuel when they come because he can't see any alternative. The time for the final battle has arrived.

The line between good and evil blurs even further as secrets from the past are finally revealed. Cameron, Samuel, and Malcolm survived the zombie trap that Chim set for them, but they paid a terrible price. Their goal is to reach Outpost Alanstown to confront Chim and Marius before the soulless ones take over the territory. Then an encounter with a group of bloodthirsty soulless ones separates the group sending each of them on their own treacherous journey to the rendezvous point. From the co-founder of Flywheel and SoulCycle comes a story of perseverance and success. "Ruth Zukerman is an inspiration. She somehow had a keen sense that indoor cycling was going to be a huge trend and she wasted no time turning it into a lucrative business. I'm among the legions of Flywheel fans who make Ruth's class part of our regular routine. Her energy, enthusiasm and great playlist keeps us spinning and coming back for more." —KATIE COURIC Ruth Zukerman is the Queen of Spinning: she put the Soul in SoulCycle and the Fly in Flywheel. Recounting the pivotal moments that helped launch Zukerman as the breakout star of the boutique fitness world, Riding High is a reminder that the greatest success stories often start in the unlikelyst of places. Ruth Zukerman used her heartache—at the death of her father, the end of her marriage, and the dissolution of her first business partnership with SoulCycle, as the inspiration to reinvent herself. At 51, she co-founded a new business, the highly successful Flywheel, and built the life she'd always dreamed of. And she did it all while navigating through single motherhood and a business world that is often unkind to women, especially those who wear their hearts on their sleeves. Riding High is a prescriptive, warts-and-all journey through Ruth's evolution, offering fresh, unexpected business and life lessons to help readers recognize their own potential and channel their passion into success. Part confidante, part mentor, Ruth pulls no punches and holds nothing back.

This book takes a completely new look at the Anthroposophical Soul Calendar. It is about the deeper meaning of the fifty-two weekly verses, which has remained essentially unexplored in the last hundred years since the first edition by Rudolf Steiner. A dense veil of Isis was spread over them, of which is well known that no mortal person can lift it. Only the immortal, psycho-spiritual human being, who knows himself at home in the extrasensory, higher worlds, is capable of doing this. Only to him the weekly verses reveal themselves as a travel guide through these worlds and lift him up to ever higher spiritual-cosmic realms until he reaches the experience of God, from where he gradually descends again into a new life on Earth, enriched in spirit and fertilized in his soul. If the reader embarks on this journey, the spiritual archetype of the Soul Calendar is ultimately unveiled to him and he achieves an extended understanding of Man and Christ. By many quotations from Rudolf Steiner's lectures and books, the author virtually lets Steiners himself elucidate the breathtaking depths of his mysterious weekly verses.

After meeting a strange girl stuck in a castle, Comyn's life heads down a confusing path of lawbreaking, experimentation, and a lifetime he never expected for himself.
