When Eve Petworth writes to Jackson Cooper to praise a scene in one of his books, they discover a mutual love of cookery and food. Their friendship blossoms against the backdrop of Jackson's colorful, but ultimately unsatisfying, love life and Eve's tense relationship with her soon-to-be married daughter. As each of them offers, from behind the veils of semi-anonymity and distance, wise and increasingly affectionate counsel to the other, they both begin to confront their problems and plan a celebratory meeting in Paris--a meeting that Eve fears can never happen.

When her best friend Casey is accused of murdering an eight-year-old girl at summer camp, Jess must find the courage to stand by her friend while the pressure from the case begins to grow.

One ordinary afternoon in a nameless town, a nameless young woman is at work in a benefits office. Ten minutes later, she is in an underground parking lot, slammed up against a wall, having sex with a stranger. What made her do this? How can she forget him? These are questions the young woman asks herself as she charts her deepening erotic obsession with painful, sometimes hilarious precision. With the crazy logic and hallucinatory clarity of an exhilarating, terrifying dream, told in chapters as short and surprising as snapshots, True Things About Me hurtles through the terrain of sexual obsession and asks what it is to know oneself and to test the limits of one's desires.
