Heston Blumenthal is widely acknowledged to be a genius, and The Fat Duck has twice been voted the Best Restaurant in the World by a peer group of top chefs. But he is entirely self-taught, and the story of his restaurant has broken every rule in the book. His success has been borne out of his pure obsession, endless invention and a childish curiosity into how things work—whether it's how smell affects taste, what different flavours mean to us on a biological level, or how temperature is distributed in the centre of a soufflé. In the first section

of The Big Fat Duck Cookbook, we learn the history of the restaurant, from its humble beginnings to its third Michelin star (the day Heston received the news of this he had been wondering how exactly he would be able to pay his staff that month). Next we meet 50 of his signature recipes - sardine on toast sorbet, salmon poached with liquorice, hot and iced tea, chocolate wine- which, while challenging for anyone not equipped with ice baths, dehydrators, vacuum pumps and nitrogen on tap, will inspire home cooks and chefs alike. Finally, we hear from the experts whose scientific know-how has contributed to Heston's topsy-turvy world, on subjects as diverse as synaesthesia, creaminess and flavour expectation. With an introduction by Harold McGee, incredible colour photographs throughout, illustrations by Dave McKean, multiple ribbons, real cloth binding and a gorgeous slip case, The Big Fat Duck Cookbook is not only the nearest thing to an autobiography from the world's most fascinating chef, but also a stunning, colourful and joyous work of art.

Through essays, recollections, recipes, and photos, she shares the idyllic landscape that inspires her, the abundant seasonal ingredients from local foragers, the tales of fishing and exploring, and the evolution of her inventive and sophisticated food at Hiša Franko - where she has elevated Slovenian food and become influential in the global culinary landscape.

The long-awaited cookbook by one of the San Francisco Bay Area's star chefs, David Kinch, who has

revolutionized restaurant culture with his take on the farm-to-table ethic and focus on the terroir of the Northern California coast. Since opening Manresa in Los Gatos in 2002, award-winning Chef David Kinch has done more to create a sense of place through his food—specifically where the Santa Cruz Mountains meet the sea—than any other chef on the West Coast. Manresa’s thought-provoking dishes and unconventional pairings draw on techniques both traditional and modern that combine with the heart of the Manresa experience: fruits and vegetables. Through a pioneering collaboration between farm and restaurant, nearby Love Apple Farms supplies nearly all of the restaurant’s exquisite produce year round. Kinch's interpretation of these ingredients, drawing on his 30 years in restaurants as well as his far-flung and well-fed travels, are at the heart of the Manresa experience. In Manresa, Chef Kinch details his thoughts on building a dish: the creativity, experimentation and emotion that go into developing each plate and daily menu—and how a tasting menu ultimately tells a deeper story. A literary snapshot of the restaurant, from Chef Kinch's inspirations to his techniques, Manresa is an ode to the mountains, fields, and sea; it shares the philosophies and passions of a brilliant chef whose restaurant draws its inspiration globally, while always keeping a profound connection to the people, producers, and bounty of the land that surrounds it.
