The author of Midnight's Children and The Satanic Verses describes his 1986 trip to Nicaragua and shares his impressions of the true Nicaragua--the people, politics, land, poetry, and problems behind the headlines. Reprint.

 ! I did not go to Nicaragua intending to write a book, or, indeed, to write at all: but my encounter with the place affected me so deeply that in the end I had no choice. ! So notes Salman Rushdie in his first work of nonfiction, a book as imaginative and meaningful as his acclaimed novels. In The Jaguar Smile, Rushdie paints a brilliantly sharp and haunting portrait of the people, the politics, the terrain, and the poetry of (a country in which the ancient, opposing forces of creation and destruction were in violent collision. ! Recounting his travels there in 1986, in the midst of America's behind-the-scenes war against the Sandinistas, Rushdie reveals a nation resounding to the clashes between government and individuals, history and morality.

This book describes all the different feelings I have felt throughout my life about love. Times when I thought I was in love and times when I was in love. These feelings for me started as a teenager and continued during my life. Sometimes we can't explain to our love ones what we need to say, and since I have that gift, I want to share it with all the lovers and friends throughout the world.

Nicaragua: Emerging from the Shadow of the Eagle details the country's unique history, culture, economics, politics, and foreign relations. Its historical coverage considers Nicaragua from pre-Columbian and colonial times as well as during the nationalist liberal era, the U.S. Marine occupation, the Somoza dictatorship, the Sandinista revolution and government, the conservative restoration after 1990, and consolidation of the FSLN's power since the return of Daniel Ortega to the presidency in 2006. The thoroughly revised and updated sixth edition features new material covering political, economic, and social developments since 2011. This includes expanded discussions on economic diversification, women and gender, and social programs. Students of Latin American politics and history will learn the how the interventions by the United States 'the eagle' to 'the north' have shaped Nicaraguan political, economic, and cultural life, but also the extent to which Nicaragua is increasingly emerging from the eagle's shadow.

The Wizard of Oz 'was my very first literary influence,' writes Salman Rushdie in his account of the great MGM children's classic. At the age of ten he had written a story, 'Over the Rainbow,' about a colourful fantasy world. But for Rushdie The Wizard of Oz is more than a children's film, and more than a fantasy. It's a story whose driving force is the inadequacy of adults, in which 'the weakness of grown-ups forces children to take control of their own destinies'. And Rushdie rejects the conventional view that its fantasy of escape from reality ends with a comforting return to home, sweet home. On the contrary, it is a film that speaks to the exile. The Wizard of Oz shows that imagination can become reality, that there is no such place like home, or rather that the only home is the one we make for ourselves. Rushdie's brilliant insights into a film more often seen than written about are rounded off with his typically scintillating short story, 'At the Auction of the Ruby Slippers,' about the day when Dorothy's red shoes are knocked down to \$15,000 at a sale of MGM props. In his foreword to this special edition, published to celebrate the 20th anniversary of the BFI Film Classics series, Rushdie looks back to the circumstances in which he wrote the book, when, in the wake of the controversy surrounding The Satanic Verses and the issue of a fatwa against him, the idea of home and exile held a particular resonance.

The Elements of Style William Strunk concentrated on specific questions of usage(and the cultivation of good writing)with the recommendation "Make every word tell": hence the 17th principle of composition is the simple instruction: "Omit needless words." The book was also listed as one of the 100 best and most influential books written in English since 1923 by Time in its 2011 list.

From the Booker Prize-winning author of The Satanic Verses comes nine stories that reveal the oceanic distances and the unexpected intimacies between East and West. Daring, extravagant, comical and humane, this book renews Rushdie's stature as a storyteller who can enthrall and instruct us with the same sentence.

Moraes Zogiby offers a revealing account of his family, their evolving fortunes, and the lost world of possibilities in twentieth-century India, detailing a universe of family rifts, greed, dark passions, secrecy, power, and the mysteries of art. Reprint. 100,000 first printing.

"The first great rock (in) roll novel in the English language." --The Times On Valentine's Day, 1989, Vina Apsara, a famous and much-loved singer, disappears in a devastating earthquake. Her lover, the singer Ormus Cama, cannot accept that he has lost her, and so begins his eternal quest to find her and bring her back. His journey takes him across the globe and through cities pulsating with the power of rock (in) roll, to Bombay, London and New York. But around the star-crossed lover and his quest, the uncertain world itself is beginning to tremble and break. Cracks and tears are appearing in the very fabric of reality, and exposing the abyss beyond. And Ormus has to confront just how far he is willing to go for love. In this epic romance that stretches across whole lives, and even beyond death, Salman Rushdie's most accessible novel is also a vivid account of the intimate, flawed encounter between East and West, a remaking of the myth of Orpheus, and an exploration of the extremities of comedy, culture and desire. The Ground Beneath Her Feet is a gripping story that encapsulates the history, dreams and passions of the last half century as no other novel has done.

Professor Malik Solanka, retired historian of ideas, irascible doll maker, and since his recent fifty-fifth birthday celibate and solitary by his own (much criticized) choice, in his silvered years found himself living in a golden age. Outside his window, a long humid summer, the first hot season of the third millennium, baked and perspired. The city boiled with money. Rents and property values had never been higher, and in the garment industry it was widely held that fashion had never been so fashionable. -- from Fury From one of the world's truly great writers comes a wickedly brilliant and pitch-black comedy about a middle-aged professor who finds himself in New York City in the summer of 2000. Not since the Bombay of Midnight's Children have a time and place been so intensely captured in a novel. Salman Rushdie's eighth novel opens on a New York living at break-neck speed in an age of unprecedented decadence. Malik Solanka, a Cambridge-educated self-made millionaire originally from Bombay, arrives in this town of IPOs and white-hot trends looking, perversely, for escape. He is a man in flight from himself. This former philosophy professor is the inventor of a hugely popular doll whose multiform ubiquity ! as puppet, cartoon and talk-show host ! now rankles with him. He becomes frustratingly estranged from his own creation. At the same time, his marriage is disintegrating, and Solanka very nearly commits an unforgivable act. Horrified by the fury within him, he flees across the Atlantic. He discovers a city roiling with anger, where cab drivers spout invective and a serial killer is murdering women with a lump of concrete, a metropolis whose population is united by petty spats and bone-deep resentments. His own thoughts, emotions and desires, meanwhile, are also running wild. He becomes deeply embroiled in not one but two new liaisons, both, in very different ways, dangerous. Professor Solanka's navigation of his new world makes for a hugely entertaining and compulsively readable novel. Fury is a pitiless comedy that lays bare, with spectacular insight and much glee, the darkest side of human nature.
