The number-one prime-time summer program on FOX, MasterChef, is a nationwide competition to find the best home cook in the country. The judges are some of cooking's biggest stars—award-winning chef Gordon Ramsay, restaurateur and winemaker Joe Bastianich, and acclaimed chefGraham Elliot. The prize? A chance to win \$250,000—and a cookbook deal. This book celebrates the food of Season 5 winner, Courtney Lapresi. Courtney came out as a firecracker, blowing the judges away time and again with her skills and confidence. She is a home cook who knows how to make decadence approachable, and that's exactly what she's done here. The book showcases the dishes that propelled Courtney to victory, such as her flawless honey cake with berry coulis and vanilla whipped cream; duck breast with sumac, faro, and morels; and her family recipe for pizza. The recipes are introduced by headnotes that offer anecdotes about Courtney's childhood and insights into how she became the dazzling winner of MasterChef Season 5. The book will be a delight for home cooks and MasterChef fans everywhere.

The magazine that helps career moms balance their personal and professional lives.

Under the rule of a usurper king, the realm of Skala has suffered famine, plague, and invasion. But now the time for the rightful heir has come, a return to the tradition of warrior queens. And the Lightbearer's prophecy is to be upheld at last: so long as a daughter of the royal line defends and rules, Skala will never be subjugated. Now a mystical fire has burned away the male body known as Prince Tobin, revealing Princess Tamír, a girl on the verge of womanhood—and a queen ready to claim her birthright after a life in disguise under the protection of wizards and witches. But will her people, her army—and the friends she was forced to deceive—accept her? Worse, will the crown's rival heir, friend to Tobin, turn foe to Tamír, igniting civil war in a fierce battle for Skala?

Marketing visionary Martin Lindstrom has been on the front line of the branding for over twenty years. In Brandwashed, he turns the spotlight on his own industry, drawing on all he has witnessed behind closed doors, exposing for the first time the full extent of the psychological tricks and traps that companies devise to win our hard-earned money. Lindstrom reveals eye opening details such as how advertisers and marketers target children at an alarmingly young age (starting when they are still in the womb), what heterosexual men really think about when they see sexually provocative advertising, how marketers and retailers stoke the flames of public panic and capitalize on paranoia over diseases, extreme weather events, and food contamination scares. It also presents the first ever evidence to prove how addicted we are to our smartphones, and how certain companies (like the maker of a very popular lip balm), purposely adjust their formulas in order to make their products chemically addictive, and much, much more. Brandwashed is a shocking insider's look at how today's global giants conspire to obscure the truth and manipulate our minds, all in service of persuading us to buy.

Internal Family Systems Therapy (IFS) provides a revolutionary treatment plan for PTSD, anxiety, depression, substance abuse, eating disorders and more. Using a non-pathologizing, accelerated approach -- rooted in neuroscience -- IFS applies inner resources and self-compassion for healing emotional wounding at its core. This new manual offers straight-forward explanations and illustrates a wide variety of applications. Easy to read and highly practical. - Step-by-step techniques - Annotated case examples - Unique meditations - Downloadable exercises, worksheets IFS is Evidence-Based Thirty years ago, IFS creator Richard Schwartz, PhD, listened to his clients describing the behaviors and fears of their most extreme parts. He found that the inner world of all his clients was characterized by parts who had a positive intent for the client but had taken on extreme roles in an effort to be safe. He also discovered that these extreme parts would become less disruptive and more cooperative once their concerns were addressed and they felt safer. IFS views psychic multiplicity as the norm: we all have parts. In addition, every part has a good intention for the client, and every part has value. When clients listen to all their parts, they can heal their wounded parts. Today, IFS, which has established a legacy of efficiency and effectiveness in treating many mental health issues, is being heralded by Dr. Bessel van der Kolk as a treatment that all clinicians should know.

Kingdom of Nokia tells a fascinating story of corporatism in Finland. How did the mobile phone giant Nokia make the Finnish elite willing to serve the interests of the company? Nokia became a global player in mobile communications in the 1990s, and helped establish Anglo-Saxon capitalism in Finland. Through its success and strong lobbying, the company managed to capture the attention of Finnish politicians, civil servants, and journalists nationwide. With concrete detailed examples, Kingdom of Nokia illustrates how Nokia organised lavishing trips to journalists and paid direct campaign funding to politicians to establish its role at the core of Finnish decision-making. As a result, the company influenced important political decisions such as joining the European Union and adopting the euro, and further, Nokia even drafted its own law to serve its special interests. All this in a country considered one of the least corrupt in the world.
