An introduction to Elementor for WordPress. I quit my job and taught myself how to code, taking me 6 months to gain a good understanding of web design. I wished there was a better and quicker way to create websites, after looking around I found Elementor for WordPress and found my answer. I wrote a book on what I have learned, to help fast track you to creating websites. Elementor is the easiest way to create good looking and unique websites with little to no knowledge of programming. Elementor uses a drag-and-drop interface which makes it so people with no prior knowledge don't have to spend months, up to years learning how to code. You might be a one man or woman business, with not enough funds for a web designer to create a website for you. Or maybe you are an aspiring web designer and want somewhere to begin your journey. This guide is perfect for you.In this book, you will learn about how to set up a website with WordPress, to completing your first site with a working contact form and a beautiful image gallery. Good luck with your journey and I look forward to hearing from you.Carlos
