Westone is upgrading their flagship ES5 custom iem to the new ES50. In the Head-fi Winter Gift Guide, Jude reports that the new ES50 keeps the warm ES5 sound while adding both the bass presence and improved clarity overall. There's a new, more secure socket connection and new options for faceplate customization, too.

An illustrated guide for contemporary guitarists looking to build pro-level rigs includes coverage of topics ranging from rack gear and amp setups to signal splitting and recording tools. Original.

Thesis (PH.D) - Columbia university, 1924. Vita. *Reprinted from the American Jewish year book, vol. 26, Sept. 29, 1924, to Sept. 18, 1925, pp. 165-372.* Bibliography: p. 223-230.

Expanded and revised to cover recent developments, this text should tell you what you need to know to become a better listener and buyer of quality high-fidelity components. New sections include: super audio CD; high-resolution audio on DVD; and single-ended amplifiers.

The unique story of a small community of escaped slaves who revolted against the British government yet still managed to maneuver and survive against all odds.After being exiled from their native Jamaica in 1795, the Trelawney Town Maroons endured in Nova Scotia and then in Sierra Leone. In this gripping narrative, Ruma Chopra demonstrates how the unlikely survival of this community of escaped slaves reveals the contradictions of slavery and the complexities of the British antislavery era. While some Europeans sought to enlist the Maroons' help in securing the institution of slavery and others viewed them as junior partners in the global fight to abolish it, the Maroons deftly negotiated their position to avoid subjugation and take advantage of their limited opportunities. Drawing on a vast array of primary source material, Chopra traces their journey and eventual transformation into refugees, empire builders--and sometimes even slave catchers and slave owners. Chopra's compelling tale, encompassing three distinct regions of the British Atlantic, will be read by scholars across a range of fields.

(Book). Culled from Bill Bachman's popular "Strictly Technique" articles in Modern Drummer magazine, this book will help players develop hands that are loose, stress free, and ready to play anything that comes to mind. The book is for everyone who plays with sticks, regardless of whether you're focusing primarily on drumset, orchestral percussion, or the rudimental style of drumming. Divided into three main sections Technique, Top Twelve Rudiments, and Chops Builders the book is designed to get you playing essential techniques correctly and as quickly as possible. Also includes a bonus section two-hand coordination and independence.

Examines the participation of pro-war, mass-media corporations in creating and selling the Iraq War and the War on Terrorism to a frightened American public.
